FISCAL ANALYSIS

Assumptions:

Judicial Branch:

1. This bill prohibits employment of unauthorized aliens or the issuance of state identification cards to unauthorized aliens; creates an offense for a violation and provides penalties.
2. The cumulative impact of all legislation establishing new actions in District Courts may over time require additional judicial resources because generally court dockets are full throughout the state.
3. The Judicial Branch is unable to determine the fiscal impact of this bill.

Effect on County or Other Local Revenues or Expenditures:

1. This legislation (New Section 22 (2)) may increase the caseload of Courts of Limited Jurisdiction, which are funded by local governments.

Technical Concerns:

Department of Labor and Industry:

1. The Department of Labor and Industry does not have any administrative role or enforcement authority with respect to the Legal Montana Workers Act. Investigations and enforcement responsibility rests on the Montana Attorney General and local prosecutor's offices.

2. The Department of Labor and Industry does not have any rulemaking authority with respect to the Legal Montana Workers Act.
3. Due to the codification of the Legal Montana Workers Act in Title 39, chapter 2, MCA, the Department of Labor and Industry may receive telephone calls, correspondence, and e-mails regarding the provisions of the Legal Montana Workers Act.
4. If a registered construction contractor is found by a court to have violated the provisions of the Legal Montana Workers Act and the Department of Labor and Industry receives notice of that determination, the Department of Labor and Industry will notify the construction contractor that working while the registration is suspended makes the construction contractor subject to an administrative penalty as provided in 39-9-401, MCA, and other consequences as provided by law.
